

RAK HOSPITAL

Premium Healthcare. Premium Hospitality

A MULTI-SPECIALITY TERTIARY CARE HOSPITAL

RAK Hospital, stands as a beacon of healthcare excellence within the Arabian Healthcare Group LLC (AHG), championed by the visionary leadership of His Highness Sheikh Saud Bin Saqr Al Qasimi, the Emir of Ras Al Khaimah. Its mission? To serve both local residents and expatriates while positioning Ras Al Khaimah as a medical tourism hub.

Since its inception in 2007, RAKH has rapidly carved out a niche in the Northern Emirates. It has united top-tier medical professionals with cutting-edge technology and fostered an exceptional working environment. RAKH is not just a trusted healthcare provider; it's synonymous with ethics, empathy and compassion.

With its sights set on a transformative healthcare journey, RAKH prioritizes clinical excellence. Our aim is to create a patient-centric tertiary healthcare system that is accessible, affordable, and of the highest quality.

RAKH offers a unique blend of medical expertise, advanced technology, and unparalleled facilities. We ensure our medical professionals stay at the forefront of knowledge through

education and research, all while constantly upgrading our technology to simplify healthcare and improve outcomes.

Our commitment to understanding patient needs drives our strategy, focusing on enhancing the patient experience while maintaining unwavering clinical and service excellence. Multi-specialty collaboration yields exceptional clinical outcomes, and a dedication to innovation keeps us ahead in healthcare.

RAKH, under AHG's umbrella, has touched and enriched the lives of millions of individuals, turning its lofty mission into a reality. With a visionary outlook, AHG aims to dominate the private healthcare arena, operating on a hub and spoke model comprising one hospital, three clinics, and a referral Path Lab center. Our ambition is to make superior healthcare accessible to all.

In essence, RAKH and AHG embody a commitment to excellence, compassion, and innovation, setting new standards in healthcare and making quality medical services a universal right.
